ACCREDITED ESTATE PLANNER® (AEP®) DESIGNATION CONTINUING EDUCATION REQUIREMENTS

All active designation holders, regardless of state continuing education requirements, must satisfy a minimum of thirty (30) hours of continuing education every twenty-four (24) months, of which at least fifteen (15) hours MUST have been in estate planning. Please refer to the definition of estate planning established by the NAEPC which can be found at http://www.naepc.org/estate_planners.web for guidance in determining qualifying subject matter for the estate planning portion of the overall requirement.

The NAEPC verifies compliance with this requirement on an annual basis as part of our recertification and dues renewal process necessary to maintain the AEP® designation in active status. The twenty-four (24) month time period refers to the two (2) calendar years immediately preceding the recertification cycle which begins in January of each year. Also, the NAEPC conducts an annual random audit where selected designees must certify compliance by submitting appropriate continuing education documentation, among other requirements.
