ACCREDITED ESTATE PLANNER® DESIGNATION

The Accredited Estate Planner® (AEP®) designation is a graduate level specialization in estate planning, obtained in addition to already recognized professional credentials within the various disciplines of estate planning. It is awarded by the National Association of Estate Planners & Councils (NAEPC) to recognize estate planning professionals who meet stringent requirements of experience, knowledge, education, professional reputation, and character, and who commit to the team concept of estate planning. As part of NAEPC's advocacy program, designation holders will be given priority in requests for referrals within each professional discipline that result from NAEPC promotion and advertising campaigns. In addition, NAEPC promotion and advertising will prominently feature the AEP® designation and the advantages of working with a professional who holds this special accreditation.

QUALIFICATIONS & REQUIREMENTS FOR APPLICANTS APPLYING WITH *15 YEARS OF EXPERIENCE ONLY*

An **ACCREDITED ESTATE PLANNER®** applicant must meet **ALL** of the following requirements as established by the National Association of Estate Planners & Councils:

1. **Credential requirement.** To be eligible to be considered for the AEP® designation, the applicant must provide documentation of being currently licensed to practice law as an Attorney (JD) or to practice as a Certified Public Accountant (CPA); or of being currently designated as a Chartered Life Underwriter® (CLU®); Chartered Financial Consultant® (ChFC®); Certified Financial Planner (CFP®); Chartered Financial Analyst (CFA); Certified Private Wealth Advisor® (CPWA®); Chartered Advisor in Philanthropy® (CAP®) having also taken GS 815 – Advanced Estate Planning through The American College; Certified Specialist in Planned Giving (CSPG); or Certified Trust & Fiduciary Advisor (CTFA) in any jurisdiction of the United States of America. Applicants who hold the Masters of Science in Financial Services (MSFS) through The American College meet the credential requirement. Lastly, applicants who hold a Master of Science in Taxation (MST) may meet the credential requirement; however, specific criteria pertain to this degree and must be pre-approved by NAEPC Staff before submitting application.

2. **Professional discipline engaged in estate planning requirement.** The applicant must be presently and significantly engaged in "estate planning activities" as an attorney, an accountant, an insurance professional and financial planner, a philanthropic advisor, or a trust officer **devoting at least a third of one's time to estate planning and estate planning activities**. To assist in determining the percentage of time, please review the definition of estate planning below followed by a list of 20

discrete activities determined by the NAEPC to be eligible and relevant activities for purposes of this application.

Estate planning encompasses the purposeful accumulation, conservation, preservation, and transfer of an estate by establishing clear goals and objectives through planning and implementation of an estate plan. The overall purpose of the estate planning process is to develop a plan that will promote and achieve the estate planning goals, values, and objectives of individuals and their families and to carry out their charitable goals, if any. Estate planning has come to include and mean lifetime planning that leads to creation, conservation, and transfer of assets. Estate planning should also facilitate the intended and orderly transfer of property at death, taking into consideration the family unit and the potential costs of different methods.

Estate planning activities could include the following functions appropriate to the applicant's respective discipline(s):

Administering or planning estates and trusts
Analyzing existing life insurance coverage for continuing relevance
Analyzing proposed transactions for estate and gift tax implications
Attending Estate Planning Council Meetings and Other Estate Planning Educational Events
Charitable/gifting planning
Designing estate plans
Designing Qualified and Non-Qualified Retirement Plans
Developing strategies to minimize potential estate and gift taxes, including generation skipping taxes
Developing programs to conserve assets during lifetime and at death
Drafting estate planning documents
Facilitating, conducting, teaching, and/or moderating seminars, workshops, and continuing education programs in estate planning; estate, gift and/or generation-skipping taxes; or business succession planning that would qualify for the continuing education requirement to maintain the AEP® designation in active status
Leading clients through a discovery process to determine the ultimate purpose they want their wealth to accomplish for them, their families and the institutions and causes they care about most.
Life Settlements of Life Insurance Policies
Preparing estate and gift tax returns, including generation skipping tax returns
Preparing fiduciary accountings
Preparing fiduciary income tax returns
Proposing life insurance solutions consistent with estate plans
Retirement distribution planning
Succession planning
Teaching courses in estate planning; estate, gift and/or generation-skipping taxes; or business succession planning by a full time professor at a college, university or school of law

3. **Experience requirement.** An applicant must have a minimum of fifteen (15) years of experience engaged in estate planning and estate planning activities in one or more of the professional disciplines described above in order **to be exempt from the graduate coursework requirement** and

1120 CHESTER AVENUE, SUITE 470 CLEVELAND, OH 44114

to qualify under the experience exception; however, **applicants applying with the CAP® designation only, must take GS 815 – Advanced Estate Planning through The American College.**

4. **Membership requirement.** AEP® applicants are required to be members of, and continuously maintain membership in, an affiliated local or regional estate planning council where such membership is available. Where no affiliated local council membership is available, the applicant is required to continuously maintain an At-Large individual membership in the National Association of Estate Planners & Councils.

   While it is the policy of NAEPC to require membership in the affiliated local or regional affiliated estate planning council where such membership is available, it is recognized that this membership may not always be available for all AEP® applicants due to: geographical location (within 50 miles or 60 minutes driving time); local affiliated estate planning council limits on the number of members from each discipline; unaffiliated local estate planning councils; or other local estate planning council membership criteria that prevent the AEP® applicant from belonging to an affiliated local estate planning council. If affiliated local estate planning council membership is not available for any of the foregoing reasons, then NAEPC requires that AEP® applicants obtain, and maintain, individual membership in NAEPC until such time as they can become a member of an affiliated local or regional estate planning council. Please note that it is the responsibility of the designee to reassess the availability of a local council on an annual basis. For a current list of affiliated councils, please visit the NAEPC website at http://www.naepc.org/membership/find_council. The current dues for the At-Large individual membership in the NAEPC are $80.00 a year The individual NAEPC membership dues are in addition to the annual dues for AEP® membership that is required to maintain, and use, the AEP® designation.

5. **Professional reputation and character requirement.** First, an applicant must continuously be in good standing with the applicant's respective professional organization and/or license authority (e.g., State Bar Association for attorneys, etc.). Specifically, an applicant for the AEP® designation who has been the subject of a disciplinary action by (1) a governing board, commission or other entity for any professional designation or certification held by the applicant; (2) any state or federal regulatory authority; or (3) any court of law, for an act or omission that constitutes misconduct, whether ethical, civil or criminal, may not be awarded the AEP® designation until a minimum of five (5) years has elapsed following the resolution of the misconduct constituting the grounds for discipline. If the AEP® Committee deems the misconduct to have been particularly egregious, it may require the elapse of a period of time longer than five (5) years or it may issue a permanent bar to application. The Committee may, in its sole discretion, treat the presence of any past disciplinary action, no matter how slight, as sufficient grounds to deny an application for the AEP® designation.

Second, an applicant must provide three professional references. The applicant shall provide each individual referrer a copy of the Reference Form included in this application which may be returned to the applicant for submission or returned directly to the NAEPC. **Each reference form must be completed in its entirety in the referrer's own handwriting or by using his or her own electronic device. Forms completed by the applicant will not be accepted.** Two of the professional references must be from individuals who primarily practice in **two** different professional disciplines from each other and from the applicant, and one of the professional references must be from an individual who primarily practices in the same professional discipline as the applicant. Thus, three different disciplines are represented by the professional references.

No reference may be from either (1) persons who work for the same company or firm as the applicant, or (2) who are related within the fourth degree of consanguinity to the applicant. Professional references must be from individuals with whom the applicant has worked on estate planning cases and assignments (except for the reference from the individual in the same primary discipline) or individuals who are familiar with the applicant's professional capabilities and experience and who are currently actively engaged in estate planning. Professional disciplines are limited to attorneys, accountants, insurance and financial planners, philanthropic professionals, and trust officers.

Finally, in addition to the three (3) professional references, the applicant must secure a completed "Affiliated Local Estate Planning Council Membership Verification" Form signed by the administrator or an officer of the council of which the applicant is a member. As with the reference forms above, this form should also be completed in its entirety in the handwriting of the administrator or officer of the council or by using their electronic devices.

6. **Commitment to NAEPC Code of Ethics requirement.** The applicant must sign a declaration statement to continuously abide by the NAEPC Code of Ethics found on pages 6 and 7 of this application.

7. **Dedicated to team concept requirement.** The applicant must acknowledge a commitment to the team concept of estate planning as defined in the "Applicant Declarations" found on page 15 of this application and by signing the declaration statement.

8. **Continuing education requirement.** The applicant must satisfy a minimum of thirty (30) hours of continuing education during the previous twenty-four (24) months, of which at least fifteen (15) hours MUST have been in estate planning. This requirement is mandated regardless of the

applicant's state or underlying designation continuing education requirement. Applicants may be requested to produce documentation to substantiate any activity claimed.

9. **Annual dues and re-certification requirement.** Designation holders are required to continuously maintain annual membership in order to use the AEP® designation. (Annual AEP® membership dues are currently $175.00.) Failure to maintain annual membership or failure to meet or comply with the re-certification requirements described below will result in the revocation of the AEP® designation, until such time as the requirements are met, and will be communicated to the designee by US Mail Certified

On an annual basis, designation holders must certify or re-certify that:

(1) They are continuously engaged in estate planning activities in their professional discipline;
(2) They are in good standing with their respective professional organizations and/or license authorities and are not subject to any disciplinary misconduct or investigation;
(3) They maintain membership in an affiliated local or regional estate planning council where such membership is available (availability must be reassessed by designee for annual recertification); otherwise they must be an individual, At-Large member of the NAEPC and maintain that membership;
(4) They have abided by and will continue to abide by the NAEPC Code of Ethics;
(5) They are dedicated to the team concept of estate planning; and
(6) They have currently satisfied the continuing education requirements of their designated professional discipline and have maintained a minimum of thirty (30) hours of continuing education during the prior two (2) years, of which **at least fifteen (15) hours were in estate planning, in order to satisfy the AEP® designation continuing education requirement.**

10. **Annual audit of certification requirements.** On an annual basis, the AEP® Committee will determine the percentage of active designation holders to be audited. If an active designation holder is chosen for audit, verification that the designation holder is in good standing with his or her respective professional organization and/or licensing authority; current with the continuing education requirements of thirty (30) hours, fifteen (15) of which must have been in estate planning, for the prior two (2) calendar years; and verification of membership from the appropriate affiliated local estate planning council of which the AEP® is a member must be submitted to the national office. If the audited AEP® is not a member of an affiliated local estate planning council because there is not an affiliated council within 50 miles or 60 minutes driving time of his or her place of business or there is an affiliated council within this geographical area but it is not available for membership, an appropriate explanation must be provided. It is the responsibility of each designee who is not a member of an affiliated local estate planning council to reassess this on an annual basis. Failure to comply with the audit request in a timely manner results in a "cease and desist" letter sent to the AEP® stating that the AEP® is considered inactive and ineligible to use the designation or promote oneself as an AEP® until such time as the audit information has been submitted to and approved by the NAEPC national office.

CODE OF ETHICS

Preamble

The National Association of Estate Planners and Councils (NAEPC) is dedicated to setting and promoting standards of excellence for professionals in estate planning.

Membership in the Association comes from one of three sources. The first source of member is one who joins the NAEPC through membership in an affiliated local council. The second source of member is an at-large member who joins the NAEPC as an individual due to the local council being unaffiliated. The third source of member is an at-large member, one who is unaffiliated with a local council, whether or not the local group is not an affiliated member of the NAEPC.

To those who meet its stringent admission standards, which include, among other things, significant prior experience in estate planning activities and material formal education in the subject matter, the NAEPC confers the Accredited Estate Planner® (AEP®) designation.

The NAEPC recognizes the importance of promulgating a code of behavior for members that emphasizes a team approach to estate planning, and relies upon the competency, knowledge, professionalism, integrity, objectivity, and responsibility of each person qualifying as a candidate for certification.

In fulfillment of this mission, the Association's Board of Directors has adopted this Code of Professional Responsibility, which embodies the professional behavior expected of all NAEPC members, and which is consistent with the Codes of Ethics of the other gateway professional designations under which a member must conduct himself/herself.

That is, the NAEPC recognizes that those who attain the AEP® designation already possess other professional designations, such as Attorney at Law, Certified Public Accountant, Chartered Life Underwriter®, Chartered Financial Consultant®, Certified Financial Planner®, and Certified Trust and Financial Advisor. Each of those gateway designations imposes a Code of Ethics on its members. The NAEPC intends that its Code of Ethics be consistent with those Codes already imposed on its members when the AEP® title is conferred.

Professional Responsibilities

A member of the NAEPC is required to conduct himself/herself at all times in the following manner:

1. To uphold the integrity and honor of the profession and to encourage respect for it. This involves promoting the continual development of the estate planning industry, as well as the member's respective specialization.
2. To be fair. This requires that a professional treat others as he/she would wish to be treated if in the other's position. It also means that a member shall disclose conflicts of interest in providing estate planning services.
3. A member shall continually improve his/her knowledge, skill, and competence throughout his/her working life.
4. To do the utmost to attain a distinguished record of professional service based upon diligence. This means that a professional must act with patience, timeliness, and consistency, and do so in a prompt and thorough manner in the service of others.
5. To support the established institutions and organizations concerned with the integrity of his/her profession.
6. To respect the confidentiality of any information entrusted to, or obtained in the course of, the member's business or professional activities.
7. To regulate himself or herself. That is, every member has a two-fold duty to abide by his/her other applicable professional codes of ethics, and to also facilitate the enforcement of this Code of Professional Responsibility. This also means expeditiously reporting breaches of professional responsibility, including one's own, to the NAEPC. The NAEPC assumes responsibility for diligently investigating each reported breach. Confirmed breaches will result in discipline by the Association, and can include dismissal for the most egregious offenses.
8. To comply with all laws and regulations, in particular as they relate to professional and business activities.
9. To cooperate with Association members, and other estate planning professionals, to enhance and maintain the estate planning profession's public image, and to work together to improve the quality of services rendered.
